

# WHAT'S YOUR MAJOR?

**NAME:** Mariam

**MAJOR:** Media Arts

**CLASSIFICATION:** Senior

## TELL THE STORY OF HOW YOU FOUND THIS MAJOR:

I believe that the narratives we see allow us to learn more about ourselves – and most importantly – more about others. The things we watch allow us to understand and be exposed to perspectives and lifestyles that we might be unfamiliar with. I chose this major with the hopes of contributing to the positive effects that the things we watch have on our individual lives and our society.

## WHAT TIPS DO YOU HAVE FOR FIRST-YEAR STUDENTS:

Stay organized! I know that this is pretty basic advice, but it will make your life so much easier, I promise. Get a planner (or use an online calendar), and during the first week of the semester, make sure to put in every due date for a class and every extracurricular obligation in there. It will save you so much time and stress, and it will ultimately help you out with the time management skills that are so important to have in college!
