

# WHAT'S YOUR MAJOR?

**NAME:** Anny

**MAJOR:** Political Science major with minor in Criminal Justice

**CLASSIFICATION:** Sophomore

**TELL THE STORY OF HOW YOU FOUND THIS MAJOR:**  
As a child I enjoyed having the spotlight and being able to talk to a lot of people at once. I like the feeling of being able to argue and defend my case. Therefore I knew that I wanted to pursue something with public speaking. I hope to attend law school and become a lawyer. I chose Political Science as the field to study.

**WHAT TIPS DO YOU HAVE FOR FIRST-YEAR STUDENTS:**  
Some tips said I would give a new year student is to take actual notes on paper instead of their laptop. Another thing that I would suggest to you is actually going to use Zoom classes and paying attention it has been really hard in these times to get a good understanding of what we're learning if we're actually not paying attention. It can be easy to be lost in everything that you have to do but one good trick that I have use this support put reminders on my phone or alarm clocks to let me know that I have to do something because I just don't want to forget even if I write it down on my agenda. Lastly I would recommend to try as hard as you can to make friends it's good to meet new people and such just be able to go out.
