# WHAT'S YOUR MAJOR?

**NAME:** Graciela

**MAJOR:** Anthropology and History

**CLASSIFICATION:** Sophomore

**TELL THE STORY OF HOW YOU FOUND THIS MAJOR:**

I chose Anthropology and History because I really liked how they co-aligned and discussed similar concepts regarding people's behavior and culture in modern and ancient times. Double majoring allows me to expand on what I want to know and provides a larger foundation for a career in history.

**WHAT TIPS DO YOU HAVE FOR FIRST-YEAR STUDENTS:**

Join clubs and hang out with people around you! You may feel really shy or nervous, but putting yourself into uncomfortable situations in the beginning allows you to gradually feel more at home here at UNT. Try to find at least one organization that potentially interests you and attend at least one meeting to scope it out; you may end up having fun and making new friends!
