# WHAT'S YOUR MAJOR?

**NAME:** Hannah

**MAJOR:** Psychology and a minor in Peace Studies

**CLASSIFICATION:** Sophomore

**TELL THE STORY OF HOW YOU FOUND THIS MAJOR:**

I ended up doing psychology mostly due to the fact that my aunt is a psychologist. Her and I already are very similar and the way she talked about psychology peaked my interest into that world. I love learning about the biology behind the human body and helping people so it was a perfect fit for me.

**WHAT TIPS DO YOU HAVE FOR FIRST-YEAR STUDENTS:**

Make sure to keep organized and not procrastinate on your assignments. I used to do that a lot in high school and changing my ways really benefited me this past year and got me the 4.0 I wanted.
