

# WHAT'S YOUR MAJOR?

**NAME:** Hayden

**MAJOR:** English

**CLASSIFICATION:** Sophomore

**TELL THE STORY OF HOW YOU FOUND THIS MAJOR:**

I have always loved to read and to write. At first I thought I wanted to be a theater major because I also have a deep love of acting. When my siblings were in high school they would ask me to edit their papers and essays for them. That is where my love of editing really grew, and I knew I wanted to be an English major and that I would eventually like to have a career in editing.

**WHAT TIPS DO YOU HAVE FOR FIRST-YEAR STUDENTS:**

I would say the number one thing is GET A PLANNER. I could not function in my college life without a planner. If you have a planner you can write down all the due dates for all of your classes, I even have specific colors for each class so I know exactly what class it's for. It is just a great way to organize your self and your due dates. Just make sure you check your planner and your email (incase due dates change) every single day.
