

WHAT'S YOUR MAJOR?

NAME: Mary

MAJOR: Communication Studies with Minor in English and LGBT+ Studies

CLASSIFICATION: Sophomore

TELL THE STORY OF HOW YOU FOUND THIS MAJOR:

At first, I thought I was going to be a physics major. I hated my first physics class, dropped out of Cal 2, and went to talk to a counselor about what to do next. She was incredibly helpful! We discussed options, she listed some required classes for communication majors, and they sounded like fun— it's that simple. Turns out this major is perfect for me.

WHAT TIPS DO YOU HAVE FOR FIRST-YEAR STUDENTS:

I know it's terrifying, but you're going to be fine. You can change your mind about everything a thousand times and it will still be okay. Join a club or a few, that's the best way to find friends, and joining clubs is much easier than you think it is.
