

WHAT'S YOUR MAJOR?

NAME: Ruth

MAJOR: Psychology with a Minor in Behavior Analysis

CLASSIFICATION: Sophomore

TELL THE STORY OF HOW YOU FOUND THIS MAJOR:

I want to go into Occupational Therapy, and Psychology provides the best educational foundation for that. I'm minoring in Behavior Analysis in order to focus my interest on working with people with autism and other developmental disabilities.

WHAT TIPS DO YOU HAVE FOR FIRST-YEAR STUDENTS:

Go to class! Even just sitting in the classroom helps you absorb information. Also, carve out a few hours a week to study terms and material you know you don't quite understand. That way, you never get too far behind.
