

WHAT'S YOUR MAJOR?

NAME: Sydney

MAJOR: English with a concentration in Language Arts

CLASSIFICATION: Junior

TELL THE STORY OF HOW YOU FOUND THIS MAJOR:

Ever since I was little I knew I would want to be a teacher like my mom is. I changed that dream a bit over the years to include being an author and to teach high school instead of elementary, but it was never in doubt that I would want to be in English.

WHAT TIPS DO YOU HAVE FOR FIRST-YEAR STUDENTS:

Reach out to new people and old friends. There may be changes and disappointments in how these conversations go but you would be surprised how many really want to hear from you. Your high school friends miss the old times too, but that doesn't mean you can't make new friends. College is a time to learn who you are but that isn't a solitary task.
