

# WHAT'S YOUR MAJOR?

**NAME:** Tarik

**MAJOR:** Media Arts with minor in Business Foundations

**CLASSIFICATION:** Sophomore

**TELL THE STORY OF HOW YOU FOUND THIS MAJOR:**

I have always had an interest in videography and documentaries ever since I was little! I hope to use my own knowledge and education in these fields to start my own company one day to create high quality video content for other businesses and people!

**WHAT TIPS DO YOU HAVE FOR FIRST-YEAR STUDENTS:**

If you're struggling on deciding what you want to major in, ask as many questions as possible to people in majors that interest you. It's totally okay to not know exactly what you want to do in your future. I'm still not 100% confident on what I want to do as a career, but I do know if I pursue something I enjoy, it will all work out in the end!
