

# WHAT'S YOUR MAJOR?

**NAME:** Tessa

**MAJOR:** History with minor in Music

**CLASSIFICATION:** Sophomore

**TELL THE STORY OF HOW YOU FOUND THIS MAJOR:**

When I started my college search I was dead-set on studying Political Science, however I didn't truly love the field. My parents convinced me to try and major in the things that I loved, ie. Music and History. Now I am enjoying all of my classes because they are all involving things I really enjoy.

**WHAT TIPS DO YOU HAVE FOR FIRST-YEAR STUDENTS:**

Don't worry so much about the future focus on what you love now and what will make you happy now. Don't get a degree in pre-law because you think it will set you up well in the future, get a degree in pre-law because you love the thought of being a lawyer.
