

WHAT'S YOUR MAJOR?

NAME: Savannah

MAJOR: Theatre with a Concentration in Performance and a Minor in English

CLASSIFICATION: Senior

TELL THE STORY OF HOW YOU FOUND THIS MAJOR:

I love to perform! I knew I wanted to perform ever since I saw "Hairspray" at the Dallas Summer Musical Hall when I was a little girl. There is just something amazing about telling stories to a willing audience while also digging deep into yourself to see, understand, and express the good and bad in humanity.

WHAT TIPS DO YOU HAVE FOR FIRST-YEAR STUDENTS:

Do not be afraid to ask for help. As a person who is a bit shy and has a lot on her plate at any given time, I understand how difficult times can get. I have family and friends that I can count on, but I know that that is not possible for everyone on campus. There are plenty of resources here at UNT that you can reach out to. The faculty, professors, and students here are so friendly and they are here to help you have the best time at college!
