

WHAT'S YOUR MAJOR?

NAME: Vincent

MAJOR: Psychology with minor in Kinesiology

CLASSIFICATION: Sophomore

TELL THE STORY OF HOW YOU FOUND THIS MAJOR:

I ended up with this major because I chose it. I've always known that I'm good with people, but around 8th grade was when I started to really help my friends with their problems, whether it be a relationship with a significant other or trying to understand their parents better. Counseling psychology is my strong suit.

WHAT TIPS DO YOU HAVE FOR FIRST-YEAR STUDENTS:

Take your time, and don't be alarmed if it is hard to adjust at first. Everyone has a learning curve, and everybody has different speeds and styles in which they can learn.
