

# WHAT'S YOUR MAJOR?

**NAME:** Zoe

**MAJOR:** Integrative Studies

**CLASSIFICATION:** Sophomore

**TELL THE STORY OF HOW YOU FOUND THIS MAJOR:**

I was looking for a midway point between a business centered & art centered major & stumbled across this when scrolling through the major list. I chose it because I wanted to be as multifaceted & flexible with what I was studying without feeling like I would end up stuck with a typical Major & Minor that didn't cover everything I truly wanted to do & learn.

**WHAT TIPS DO YOU HAVE FOR FIRST-YEAR STUDENTS:**

Keep a schedule with at least one set meal time, never prioritize an assignment over sleep or self care, spend time looking for resources online, & try studying in different locations to find what works for you
