

Advisory Committee Information Form
Fall 2025

In order to assist your committee in evaluating your performance over the last year and providing recommendations for next year, all graduate students must compile the following information, along with your current CV, and submit them to Claire Henry (claire.henry@unt.edu) by email no later than **October 31**.

Note this information pertains to activities from the past academic year. Failure to submit this information and hold your advisory committee meeting by the times specified in the degree program requirements will prevent you from receiving the registration codes you need to register for classes.

On what date did you last meet with your advisory committee?

Name:

Degree Program (MA, MS, or PhD):

What is your CUM GPA? _____

Do you have any
outstanding
Incompletes? _____

In what year and semester did you start the graduate program at UNT?

Did you defend your dissertation prospectus during the past year?

Did you complete an advanced training program, such as those offered at ICPSR, during the past year?

How many conference proposals did you submit during the past year? If so, to which conferences?

--

How many conference presentations did you make during the past year? At which conferences?

--

How many journal articles did you submit for publication during the past year? To which journals?

How many journal articles were accepted for publication or published during the past year? In which journals?

Was your research accepted for publication in a non-journal format, such as a book chapter, during the past year? If so, please provide citations for any non-journal publications.

Did you teach your own course during past year? If so, please provide the course number and name.

Did you successfully complete an independent research project under the direction of a faculty member (i.e., a research practicum) during past year? If so, please provide the name of the faculty member.

Did you receive any research or teaching awards or grants during the past year from either the university or an external institution? If so, please identify the name of the award or grant and the award granting institution.

Is there anything else that you would like the Graduate Advisors, the Graduate Studies Committee, and your committee to know about your progress?

Major Advisor Narrative Report of Meeting.
