

# WHAT'S YOUR MAJOR?

**NAME:** Jose

**MAJOR:** Political Science

**CLASSIFICATION:** Sophomore

**TELL THE STORY OF HOW YOU FOUND THIS MAJOR:**

I never really knew what I wanted to do in life until I had the opportunity to intern at a law firm for my junior and senior year of high school. I loved the work and knowing I was helping people with their cases and helping them move on with their life. I know I want to continue in this field and eventually go to law school. I chose this major because I want to have a strong backbone in government and law going into that chapter of my life.

**WHAT TIPS DO YOU HAVE FOR FIRST-YEAR STUDENTS:**

Although you may feel like you have time to do your work don't slack on it because it will come back to haunt you. I had plenty of all nighters because I procrastinated and decided trying to have fun was more important.
