

WHAT'S YOUR MAJOR?

NAME: Paige

MAJOR: Psychology

CLASSIFICATION: Sophomore

TELL THE STORY OF HOW YOU FOUND THIS MAJOR:

I've always had a strong interest in psychology and why people act a certain way or do the things they do. This led me to want to know more about how the brain works and what effects it has on behavior.

WHAT TIPS DO YOU HAVE FOR FIRST-YEAR STUDENTS:

Try to find a schedule that works for you and stick to it so you don't procrastinate and feel overwhelmed later. Make sure to try and go to class even when you would rather do anything but, especially with these zoom classes. Always back up your files. The one time that you don't will be the one time something happens and your five page paper disappears.
