

WHAT'S YOUR MAJOR?

NAME: Richard

MAJOR: Integrative Studies (Business, Communication, Journalism)

CLASSIFICATION: Freshman

TELL THE STORY OF HOW YOU FOUND THIS MAJOR:

I chose this major because it was recommended to me by an advisor. Initially I was going to be a computer science major but that conflicted with my associate's degree I got in high school, so I decided on something else.

WHAT TIPS DO YOU HAVE FOR FIRST-YEAR STUDENTS:

Do not be afraid to take the "non traditional" route. My degree plan is not your typical degree but I think that is what I love about it so much. It gives me versatility and variety to do way more than I would be able to with a "normal" degree.
