WHAT'S YOUR MAJOR?

NAME: Trent

MAJOR: History, Education

CLASSIFICATION: Freshman

TELL THE STORY OF HOW YOU FOUND THIS MAJOR:
For as long as I can remember, I've always had a fascination and interest in learning about history. I especially enjoy learning about military history, the tactics, and weapons used by the participants, as well as the battles. I have a particular interest in more modern military history, specifically from the 16th or 17th centuries onward. I plan on obtaining a doctorate/Ph.D. in military history and also getting my teacher certificate. I hope to get a job as a professor at a university teaching military history, or go and work for the Department of Defense and teach military history to the military as a civilian.

WHAT TIPS DO YOU HAVE FOR FIRST-YEAR STUDENTS:
Your first year will probably be a little rough as you adjust to college life, as well as get used to the new workload and classes that you will be taking. My advice to any first-year students is that you should never give up, always give your best effort, work hard and get your work done on time, maintain a strong work ethic and always go to class. But, also remember to find the time to take care of yourself and relax.
