

WHAT'S YOUR MAJOR?

NAME: Tyler

MAJOR: English with a concentration in Writing and Rhetoric with minor in French

CLASSIFICATION: Sophomore

TELL THE STORY OF HOW YOU FOUND THIS MAJOR:

I chose this major because I have a passion for writing and hope to become a college composition instructor. I actually started as a communication design major but then I found out that visual art is not one of my strengths, so I switched to writing and rhetoric where I am strongest. I also have a passion for helping other students improve their writing.

WHAT TIPS DO YOU HAVE FOR FIRST-YEAR STUDENTS:

Be sure to study at least two hours everyday and do your assigned readings before class; you will fall far behind if you do not. Also, get involved as much as possible by joining clubs and making friends. Finally, if possible, do not sign up for evening classes because evenings are when all the fun happens!
