

BS IN PSYCHOLOGY ACADEMIC MAP

The Bachelor of Science with a major in Psychology is a four-year degree designed to prepare students for entry-level careers in a variety of fields. The degree can also prepare you to enter the medical profession, law school, or seminary. To become a practicing psychologist, you will need a master's or doctoral degree. As a Psychology major, you gain a scientific basis of Psychology knowledge and learn the many ways that knowledge is applied to everyday life.
